

Student: _____ Period _____ Date _____

BEGINNING PAINTING – MASK EVALUATION

The goal of this assignment is to create a powerful and abstracted mask image using the painting skills you have developed thus far this semester. Your use of color and value should be both sophisticated, and go beyond simple changes of value and color right from the tube. Your work should be unique; no two masks will look the same. Reflect upon your color options, consider the impact you would like your mask to make. Are you trying to terrify, relax, or amuse your audience? The mask should appear to be strongly 3 dimensional and to be concealing an actual face.

Self-evaluate this form with a slash / in the box to indicate how well you think you've done.

Evaluation Criteria	Mastery	Good Control	Gets the Basics	Confused about the Basics	Missing or incomplete
Color You have used the skill you've developed over the course of the semester to create new and unique hues and color combinations.					
Value You have a variety of values that serve to create the illusion of 3-dimensionality. I will see light, medium and dark values.					
Rhythm and Movement Your work is visually balanced, yet there is variety of shape, color and value to generate movement, or rhythm, throughout the work. Our eye should move through the composition picking out like elements.					
Original Design Work No cliché images or words have been included. The shapes you used to create your design overlap the face and are based on a loose association of similarity (they compliment each other and appear visually related).					
Figure/Ground The negative space surrounding the mask is painted and complements, without competing with, the mask image. You may work with designs that extend off the mask image.					
Style You have used a well controlled and consistent brush stroke; the overall texture reflects your painting skill and works to create a consistent feeling throughout the piece.					
Completeness and presentation: <ul style="list-style-type: none"> <input type="checkbox"/> Signed on the front in the lower right hand corner <input type="checkbox"/> Labeled on the back – name, period, title <input type="checkbox"/> Smudge and wrinkle free – ready for display 					

_____/70 Project Points
